

ROBBINS MUSEUM BINGO GAME

The object of this game is to identify as many items as possible. You *may* want to create teams for a Bingo Game Challenge: the first team to finish wins! Check-off objects as you see them. For **extra points**, tell us what time period the artifact represents OR in what exhibit case it is located. Then, create your own version of the game to share what you have learned about Native American lifeways. Post it on your class web page, or pass it out to classmates !
